

COAUTHOR AUTHORIZATION FOR INCLUSION OF AN ARTICLE IN A THESIS OR DISSERTATION

If an article included in your thesis or dissertation has more than one author, you must have the coauthors sign this form to consent to publication of the article in the thesis or dissertation.

If the coauthors have already assigned the rights to a publisher, only the publisher's permission is required. In this case, this form does not need to be signed.

This form should be completed and signed as soon as possible, ideally while the article is in preparation, and submitted to the Faculty of Graduate and Postdoctoral Studies at the time of initial submission.

For further information, see the Thesis and Dissertation section at www.fesp.ulaval.ca

A – Contact Information

STUDENT'S FIRST AND LAST NAME	IN (identification number)
PROGRAM NAME
