

Statement on Scientific Integrity at the End of the Defense

In the presence of my peers,

Upon completion of my doctorate in (XXX), having conducted rigorous scientific research in my pursuit of knowledge, I commit to continuing to:

- ensure that my methods, results, and interactions are consistent with responsible research conduct;
- act with openness and intellectual rigor to promote the advancement of knowledge;
- uphold the principles of scientific integrity throughout my professional career, regardless of the sector or field of activity.
